

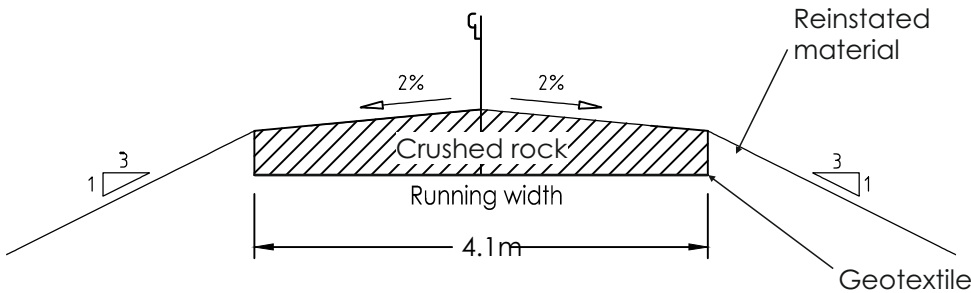

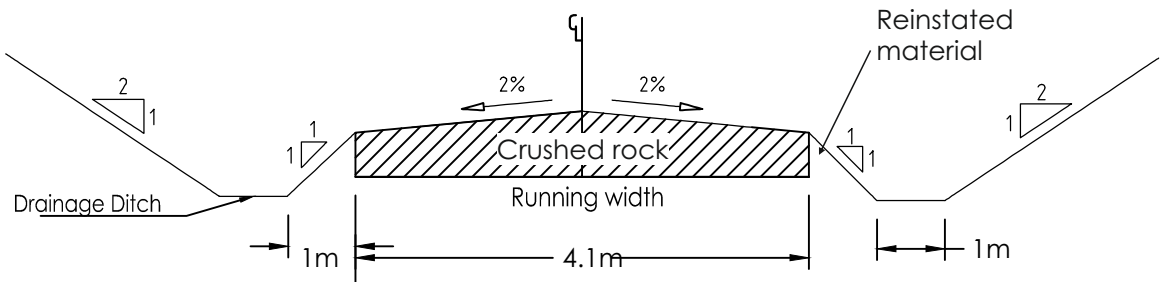

Figure 3-7
Indicative Access Track and
Cable Trench

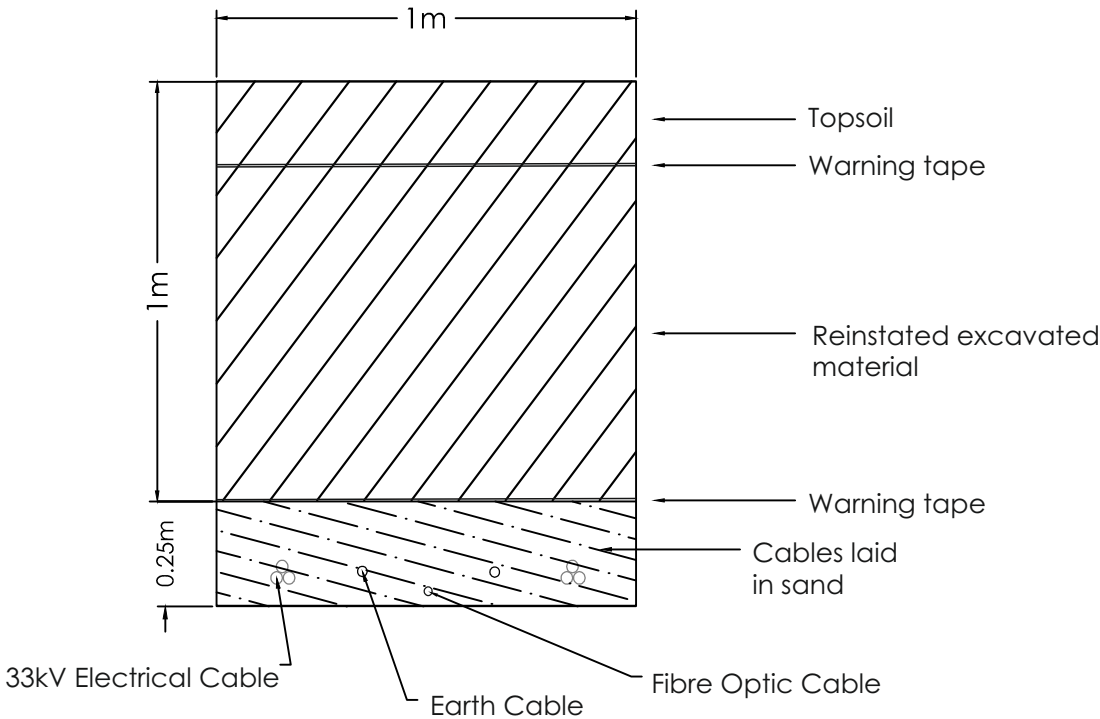

Typical Floating Track

Typical Cut Track

Typical Direct Buried
Cable Trench

Notes:
Dimensions presented here are indicative and
subject to change after detailed design.

Cables will be laid alongside tracks but are
excluded from these figures for clarity.

Dimensions of drainage ditches will vary
depending on local hydrological ground
conditions

Details and number of circuits are indicative
and subject to change following detailed
design

Ducted cable trench may be used depending
on ground conditions and detailed design

Not to scale
