

Woolfords Wind Farm Tip Height Increase

Figure 5-14
Operational Sites Most Likely to
Interact with Woolfords

- Key**
- Proposed turbine
 - Landscape Viewpoint
 - 5km turbine buffers to 15km
 - Zone of Theoretical Visibility**
 - Other Operational Sites Visible Only
 - Woolfords Visible Only
 - Woolfords & 1-2 Other Operational Sites Visible Only
 - Woolfords & 3-4 Other Operational Sites Visible Only
 - Woolfords & 5-6 Other Operational Sites Visible Only
 - Woolfords & 7 Other Operational Sites Visible Only

Generated using Ordnance Survey's Terrain50 dataset which does not take into account the screening effects of buildings or vegetation.

ZTV calculated using ArcGIS 10.6 Viewshed tool with observer eye height 2m above ground and corrections for earth curvature and atmospheric refraction applied.

Scale @ A3:
1:120,000
